MOZART HEROES on tour with their new program „On Fire“

**The heroes of the most explosive crossover of all times
throwing out sparks again with their fierce passion –
Hard Rock on fire!**

From the strings of their instruments they are teasing out the
brilliancy of the great masters of classical music in a tender and
precise dialogue.

The MOZART HEROES are second to none. Phil, the “Hero” on
the guitar and Chris, “the one and only Mozart” in suit and
violoncello are announcing themselves: hard core classic on fire!
It is the pinnacle of music – not only to command two seemingly
opposing styles yet to combine them with supreme elegance.
Intensive and virtuoso. It sizzles and blazes in the name of
passion for the hottest variety in play of all times.

Invented by the two Swiss guys Chris and Phil. We play
everywhere where the language of music will be understood.
These are the MOZART HEROES!
